

# This is where it began... Tuticorin

<https://en.wikipedia.org/wiki/Thoothukudi>

A small port town, slowly growing to be a city  
Very famous for seafood products, fish, shrimp,  
salt and british style pastries

If you havent tried tuticorin macroons, you are  
missing one pastry.

[https://en.wikipedia.org/wiki/Thoothukudi\\_macaron](https://en.wikipedia.org/wiki/Thoothukudi_macaron)

Tuticorin is a nocturnal town, many restaurants  
are open until 2.00 AM.

# My interests

Reading comic books and collecting them. Started reading as a 6 year old and going on for 28 years. Some Characters...

Tex Willer: italian comics, cowboy from Texas

Lucky Luke: french and belgian origin

Diabolik: Italian origin

Agent XIII: Belgian origin

many others are more contemplative and solemn stories based on world war 1 and 2 without any specific characters.

I also read through and debug kernel source codes of linux, darwin and occasionally programs in Arduino due to interests in system software.

Also have interests in statistical models, and did CFA level 1.

# Work experience

- AIG – commercial insurance softwares for energy industry and probabilistic data matching programs to identify duplicate customers.
- Standard Chartered bank - creating a XML based workflow software, similar to a BPM container.
- TELUS – integrate telecom device functionalities using websphere process server.
- TDBANK – Solution designer for creating API for Fraud management, Anti -money laundering, EMV credit card printers
